## Medical & Educational Disclaimer – Allori Wellness

The information contained in this product catalog is provided for general educational and informational purposes only. It is not intended to diagnose, treat, cure, or prevent any disease, nor is it a substitute for professional medical advice, diagnosis, or treatment. All services and products offered through Allori Wellness are provided within a physician-guided, wellness-focused model. Any medications, peptides, or therapies discussed or offered are prescribed only after a clinical evaluation by a licensed medical provider and when deemed appropriate for the individual client.

Nothing in this catalog should be interpreted as medical advice or as a recommendation that any specific therapy is suitable for you. Individual responses to wellness therapies vary. Results are not guaranteed.

Peptide therapies and compounded medications are prepared by third-party, licensed compounding pharmacies pursuant to a valid prescription. These products are not FDA-approved in the same manner as commercially manufactured drugs. Compounded medications are formulated to meet the specific needs of individual patients and may differ from FDA-approved products in dosage, form, or delivery method.

You should not begin, stop, or change any medication or treatment without consulting a qualified healthcare provider. Always disclose your full medical history, current medications, and any known allergies to your provider.

If you are pregnant, nursing, have a serious medical condition, or are taking prescription medications, you must consult with a licensed healthcare professional before pursuing any wellness therapy.

By engaging with Allori Wellness and its services, you acknowledge and agree that:

- All content is educational in nature
- Participation in any program or therapy is voluntary
- Outcomes vary between individuals
- You remain responsible for your personal health decisions

Allori Wellness does not provide emergency medical care. If you are experiencing a medical emergency, call 911 or seek immediate medical attention.

This catalog is intended for adults 18 years of age or older.

# Welcome to Allori Wellness

At Allori Wellness, we believe feeling better today and building lasting health for tomorrow starts with a thoughtful, personalized approach to care.

This guide provides an overview of our wellness programs, therapies, and foundational offerings — all designed to support energy, metabolism, recovery, longevity and overall well-being. Each option is physician-guided and tailored to meet you where you are, whether your goals are preventative, restorative, or performance-focused.

Rather than one-size-fits-all solutions, our approach centers on understanding your unique health picture and creating a plan that evolves with you. This document is meant to serve as an educational starting point and conversation guide as you explore what may be the right fit for your goals. If you have questions or would like help navigating these options, our team is here to guide you every step of the way.

# Physician-Guided Wellness Programs

All services begin with a comprehensive consult to evaluate goals, history, and eligibility. From there, we develop a personalized care plan overseen by licensed medical providers.

## Metabolic Health

Programs designed to support metabolic function, glucose regulation, and sustainable weight management through personalized care.

## Hormone Optimization

Thoughtfully guided hormone support focused on improving energy, body composition, mood, recovery and overall vitality.

## Recovery Protocols

Targeted recovery programs designed to support joints, connective tissue, inflammation balance and physical resilience for active lifestyles.

## Wellness & Longevity

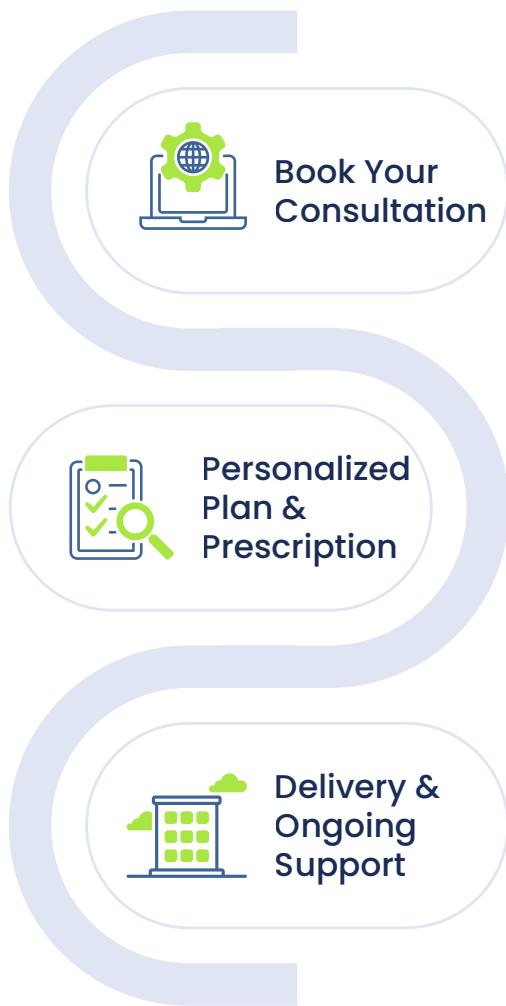

Proactive, preventative care focused on long-term vitality, cellular health and maintaining performance as you age.

## Sexual Health

Thoughtfully guided sexual wellness support aimed at improving desire, responsiveness and confidence.

# How it Works

## Step 1

Schedule your telehealth appointment online and complete a short intake form so we can understand your health goals.

## Step 2

Meet with our physician-guided team to design your program. If prescriptions are part of your plan, we coordinate directly with licensed U.S. pharmacies that specialize in compounding.

## Step 3

Your medications are shipped discreetly to your door with clear instructions. We provide follow-ups, progress tracking and adjustments so your plan evolves with you.
